What You're Promoting

QuickConnects is a creator-brand collaboration platform built for India. Brands post campaigns, creators apply, and everything — negotiations, briefs, payments — happens in one place. No DMs, no chasing invoices, no scams.

Three Things to Always Mention

- **Escrow-Protected Payments** — Money is locked the moment a deal is confirmed. Creators deliver, brands approve, payment is released. No chasing.
- **Every Creator Size Welcome** — 1K followers or 1 Lakh+, nano or macro — all niches, all audience sizes. If you make content, you're in.
- **Clear CTA** — Always direct people to the sign-up form link in your bio or stories. We'll handle the rest.

REEL SCRIPT

30-45 Second Reel

Hook-driven format — best for reach and discovery on Explore.

HOOK — FIRST 2 SECONDS

"Brands are literally paying creators right now — and most of you don't know where to find them."

MAIN BODY — TALKING HEAD OR SCREEN RECORDING

"So I found this platform called QuickConnects — it's basically where brands come to find creators like you and me for UGC, reels, product videos, reviews… all types of content.

Here's what's different though — your money goes into escrow the moment a deal is locked. That means you don't chase payments. You deliver, they approve, you get paid. Done.

Oh and they verify everyone — Aadhaar, PAN, the whole thing — so no fake brands, no scams.

Whether you have 1K followers or 100K, they're onboarding creators right now."

CTA — TEXT ON SCREEN

"I've got a link in my stories — fill out the form if you want in. They'll reach out to get you set up."

Escrow-protected payments | KYC-verified brands | All niches welcome | Link in stories

STORY SERIES

STORY 1 — POLL STICKER

"Be honest — have you ever made content for a brand and then had to BEG for payment?"

[Add Poll Sticker: Yes / Too many times]

STORY 2 — TALKING HEAD OR TEXT SLIDE

"QuickConnects fixes that. It's a creator-brand platform where your payment is locked in escrow BEFORE you start working. Brands post campaigns, you apply, and everything — chat, briefs, payments — happens on one platform. No DM negotiations. No ghosting."

STORY 3 — LINK STICKER TO SIGN-UP FORM

"They're onboarding new creators right now — every niche, every size. If you make content and want to get paid properly for it, fill out the form. They'll personally reach out to set you up."

[Add Link Sticker → Sign-up Form URL]

STORY 4 — SHARE PROMPT

"Send this to a creator friend who deserves to get paid on time."

[Add Share Sticker / "Send to" prompt]

POST / CAROUSEL

Post Caption

Long-form caption for carousel or single image posts — best for detail.

● CAPTION — COPY AS-IS OR ADAPT TO YOUR VOICE

stopped chasing brands in DMs. here's what I'm doing instead.

found a platform called @quickconnects that actually makes brand deals simple — and safe.

here's how it works:
→ brands post campaigns on the platform
→ you browse and apply to ones that fit your vibe
→ deal gets locked, payment goes into escrow (yes, before you start)
→ you create, they approve, money hits your account

no more "we'll pay you in exposure." no more invoices on read.

they verify every brand and creator (Aadhaar + PAN) so you know who you're working with. plus built-in chat, contracts, everything in one place.

they're onboarding creators right now — doesn't matter if you're a nano creator or have a massive audience. UGC, reels, reviews, unboxings — all of it.

if you've been wanting to work with brands but didn't know where to start, this is it.

link in my bio to fill out the form — they'll reach out to get you started.

GUIDELINES

How to Deliver These Scripts

Make it yours. Here's how to get the best results from each format.

Use Your Own Voice

These are starting points, not teleprompter scripts. Reword everything to match how you naturally talk on camera. The message stays — the delivery is yours.

Keep It Authentic

Don't read from a script on camera. Understand the 3 key points and speak naturally. If you've had bad brand deal experiences, sharing that makes it more relatable.

Stay Platform-Native

Use trending audio for Reels. Use interactive stickers (polls, questions, links) for Stories. Use carousel slides with clear visuals for Posts.

Always Include the CTA

Every piece of content must direct people to the sign-up form — either via link in bio, link sticker in stories, or a clear verbal call-to-action.

Format Cheat Sheet

Reel

30-45 seconds. Hook in first 2 sec. Talking head + text overlays. Use trending audio. Best for: reach.

Story Series

3-4 slides. Start with poll. End with link + share sticker. Best for: engagement + direct sign-ups.

Post / Carousel

Long caption with detail. Pair with carousel slides or screenshot. Best for: saves + shares.

Do's and Don'ts

- **Do** mention escrow payments — it's the #1 thing that resonates with creators
- **Do** emphasize that all creator sizes are welcome (nano to macro)
- **Do** share your own brand deal frustrations if you have them — relatability wins
- **Don't** make it sound like an ad — keep it conversational and genuine
- **Don't** overpromise earnings or guaranteed brand deals

- **Don't** skip the CTA — every post must point to the sign-up form
